

NEW ATOA BOOTH INAUGURATED AT CRUISE TERMINAL

As part of Aruba Ports Authority's effort to provide customers with exceptional service and improved infrastructure, the port has invested in a new Tour Operator Association center. The keys of the new facilities were presented to ATOA Board member Glen Bundle by Port Managing Director Jossy Figaroa. The new accommodations will enable Aruba Tour Operator Association members to better promote the Aruba product and provide improved service to guests at the port. The colorful, Aruban style center with its eye-catching design will surely become a favorite picture spot as well.

USCG BARQUE EAGLE VISITS PORT OF ORANJESTAD

The Eagle visited the Port of Oranjestad last week. USCG hosted free public tours that were a success amongst visitors from other vessels in port and the local public as well. The USCGC Eagle (WIX-327) (formerly the SSS Horst Wessel) is a 295-foot (90 m) barque used as a training cutter for future officers of the United States Coast Guard. She is the only active commissioned steel hulled sailing vessel in American military

service. Each summer, Eagle conducts cruises with cadets from the United States Coast Guard Academy and candidates from the Officer Candidate School for periods ranging from a week to two months. These cruises fulfill multiple roles; the primary mission is training the cadets and officer candidates, but the ship also performs a public relations role. Often, Eagle makes calls at foreign ports as a goodwill ambassador.

OUR PORT IN NUMBERS
